

June 2015 Events and Announcements

Good evening,

Below are events and announcements for the next month or so. Please visit <http://hawaiicoffee.weebly.com/educational-events-and-announcements.html> for more information as well as updates.

UH CTahr Cooperative Extension Offices will be closed on Thursday, June 11 in observance of King Kamehameha I Day.

Dear Friends, Farmers and Colleagues,

From June 17- July 5, 2015, I will be on a trip to California and Brazil to learn more about coffee (yes indeed, coffee is grown in CA and the Coffee Quality Institute is there too!) and coffee berry borer management on mechanically harvested farms. I look forward to being able to better serve the mechanically harvested farms and farmers, who make up over half the state's acreage in coffee. Those on this trip, including farmers, processors, research and extension, will network and look for methods and technologies to better prepare our farmers with advanced knowledge and techniques.

Being in a foreign country and traveling via bus, I will likely have spotty if any, phone and internet services. I apologize that it may be a while before I can get back to you and thank you for your patience in advance.

If you have a farm emergency, please contact Dr. Russell Nagata, the Hawaii county administrator, at [808-969-8209](tel:808-969-8209). The Kona Cooperative Extension Office will remain open during this time.

Thank you,
Andrea
